

Kids First

Conflict Resolution and Training Services

Course Description

We Don't Tolerate Bullying at Our School!

Bullying is serious. It crosses all socioeconomic and color lines. As many as 160,000 students stay home on any given day because they are afraid of being bullied. Children kill themselves and others because of bullying. Statistics show an incidence of bullying occurs every 7 minutes and adults intervene only 4% of the time. And bullying isn't just child's play, 37% of adults report being bullied in the workplace.

In a high energy environment, participants will learn the three elements of bullying; four types of bullying; and a four-prong strategy that works. Participants will leave with a written plan of action for creating a paradigm shift designed to eliminate bullying.
